SECRET SECURITY DOORS WITH CONTROL AND CONTROL FROM ANY POINT OF THE WORLD

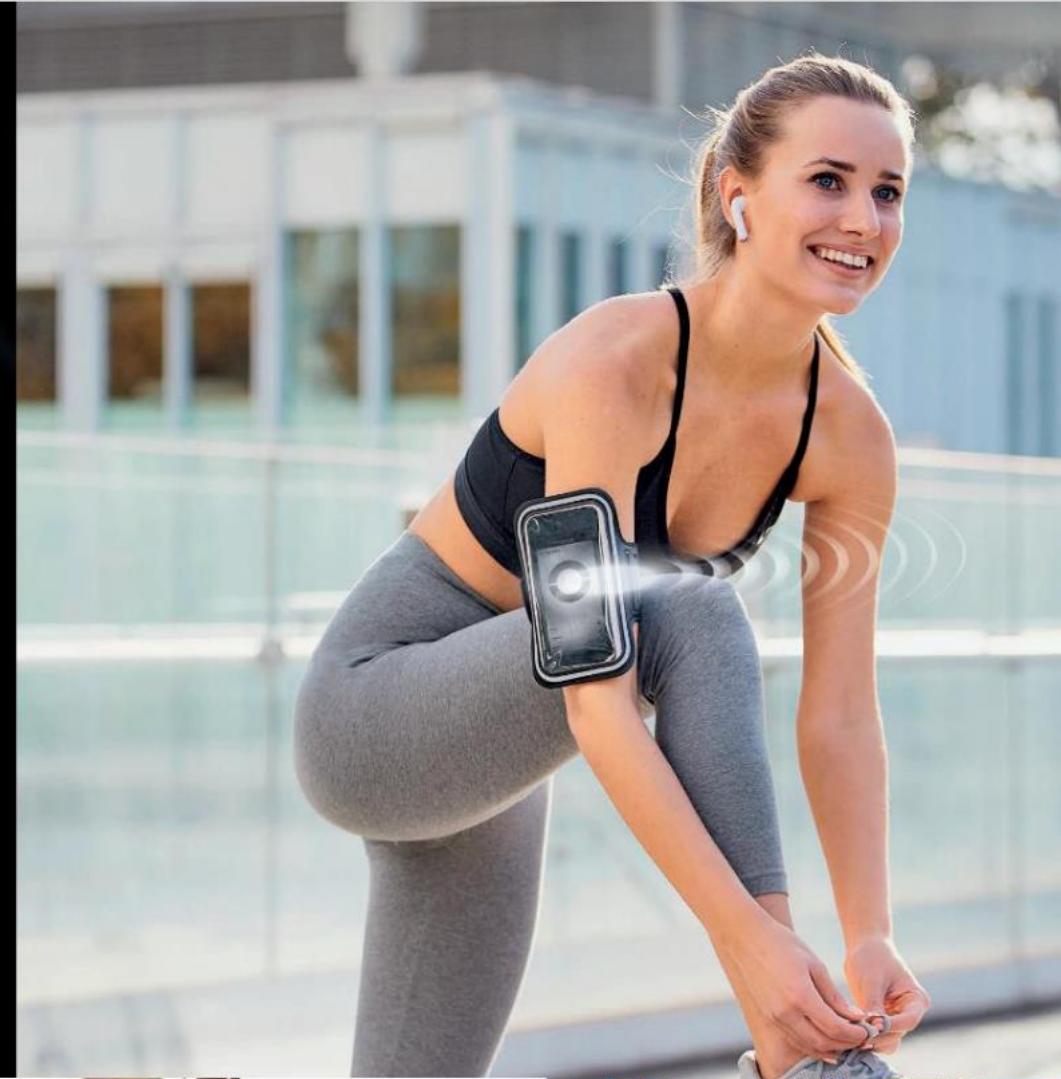

Superare i limiti, andare oltre. Da sempre considera che ogni obiettivo raggiunto non sia un punto d'arrivo, ma un trampolino verso nuovi traguardi; che la sicurezza e l'innovazione siano un bene comune; che le soluzioni tecnologicamente più avanzate debbano prevedere un utilizzo semplice. Con queste

premesse, l'iconica serratura elettronica senza chiave tra - dizionale, evolve. Nasce il progetto, sistema di apertura che fa della propria potenzialità e modularità un vero punto di forza. Per una casa Psmart, l'hub creato per svilupparsi nel tempo, integrando via via nuove funzioni. Il progresso elimina il superfluo. Scompare la mostrina con display: solo un led illuminar il futuro. Il design diventa puro, essenziale. E meno punti violabili rendono la sicurezza più affidabile

evoluzione illuminata

Exceeding the limits, going beyond. Has always regarded each goal achieved as a start point towards new aims rather than a point of arrival, security and innovation as a common good, and for technology - cally advanced solutions to provide a simple use. With these premises - the iconic electronic lock without traditional key - evolves. The project comes to life: an opening system that makes its own potential and modularity a true strong point. For a smart house, is the hub created to develop over time, gradually integrating new functions. Progress removes what is not needed. The display plaque disappears: only an LED illuminates the future. Design becomes pure, essential and less vulnerable points make security more trustworthy

WALL FLUSH SECURITY DOOR CAN BE MANUFACTURED IN LARGE SIZES

Camera 2.0 Mpx

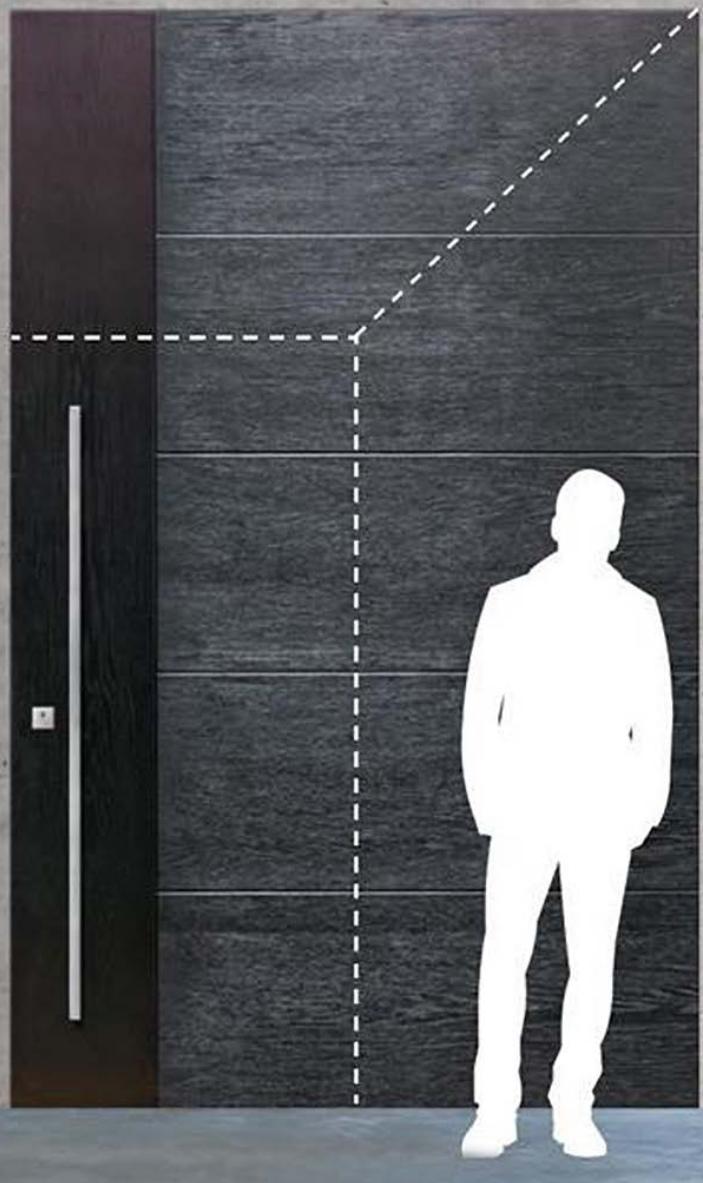

A new generation IP camera with wide viewing angles will transmit a high-quality image.

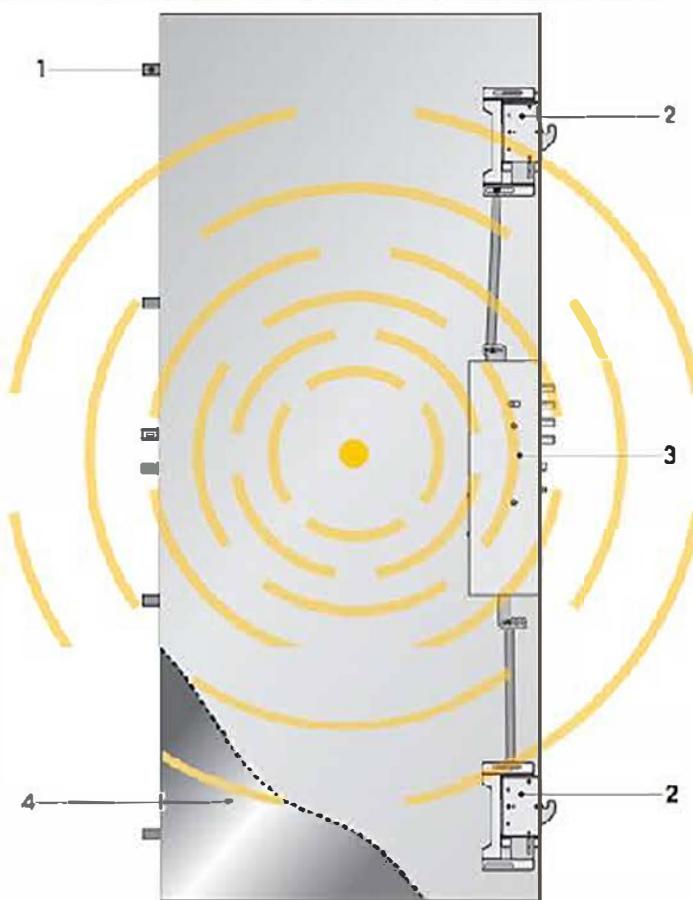

Reader

Card reader and keyfobs with support for UKEY (EM-Marin / MIFARE ® / NFC / Bluetooth).
